IMPORTANT INFO

Natural Timber Finishes

Our natural Timber Veneer finishes are a 100% natural product, each may have variation in grain and colour. The Timber Veneer is sealed with a protective UV finish. Our Walnut & Natural Oak Veneer finishes will gradually take on a warm golden tone over time.

Paint Finishes

Bath Co's flawless cabinetry finish is achieved through our high-tech polyurethane paint layering process, where every panel is painted and heated at least five times. This process creates our signature, hard paint finish, making our furniture highly durable and silky smooth, backed with a five-year warranty.

Solid Kordura Tops

Michel César resistant solid Kordura surface is extremely durable, hard yet soft to feel. It is water, heat and stain resistant. It is nonporous so is easily maintained and very hygienic. All tops are supplied Matte. Bath Co Kordura tops boast low VOC and crystalline silica-free properties and is safe to manufacture and fabricate. *Additional cost applies for all coloured Kordura tops, excluding White.*

Tap Holes

All vitreous tops and basins are quoted with one tap hole. Please ask for pricing on other configurations. Kordura tops are not pre-drilled for tap holes – it is the responsibility of the installer to cut these. These hybrid solid surfaces hold solid colour throughout and can be easily cut or drilled with a router, jigsaw or hole saw.
